National Conference on Computational and Biochemical Drug Discovery [NCCBDD-2021]

September 11-12, 2021

Online conference jointly organized by

I-DAPT HUB FOUNDATION IIT (BHU), VARANASI

(A Section 8 - Not for profit Company)

and

Organizing Chairman

Prof. Vikash Kumar Dubey,
IIT (BHU) Varanasi

IIT (BHU) VARANASI

Indian Institute of Technology (BHU) Varanasi is an Institute of national importance created by an Act of the Parliament through the Institutes of Technology (Amendment) Act, 2012. Previously, it was known as IT, BHU. Founded in 1919 as the Banaras Engineering College, it became the Institute of Technology, Banaras Hindu University in 1968. IIT (BHU) Varanasi has 14 departments and 3 inter-disciplinary schools. IIT(BHU) Varanasi has been able to build up the necessary infrastructure for carrying out advanced research and has been equipped with state-of-the-art engineering and scientific instruments. The city of Varanasi is well connected by road, rail and air with all the important places of India. Regular flights are there from Varanasi to Delhi, Mumbai, Chennai, Bangalore, Kolkata, Khajuraho and Lucknow. The IIT(BHU) campus is only 10 Km from Varanasi railway station, 20 Km from Deen Dayal Updhyay (old name Mughalsarai) railway station and 35 Km from the Varanasi airport.

I-DAPT HUB FOUNDATION

Department of Science and Technology, Government of India has identified Data Analytics and Predictive Technologies (DAPT) as one of the domain areas of Technology Innovation Hub (TIH) under India's National Mission on Interdisciplinary Cyber Physical System. DST has identified IIT (BHU) Varanasi as one of the institutes for establishing TIH under the scheme. In order to meet out the objectives of the DAPT, IIT (BHU) has identified five thrust areas; 1) Telecommunications, 2) Power, 3) Defence Research and Development, 4) Road Transport and Highways and 5) Healthcare and family welfare.

BIOINFORMATICS AND DRUG DISCOVERY SOCIETY

Bioinformatics and Drug Discovery Society (BIDDS) is a registered Indian academic society for Bioinformatics, Computational Biology and Drug Discovery. In recent days, bioinformatics has become indispensable in life science research. Buoyed by the success of rational drug design and the new challenges posed by the emerging resistant and infectious diseases have compelled the researchers to enhance bioinformatics application for accelerating drug discoveries. It is in this backdrop with the idea of establishing a stage for scientists, academicians, researchers and students that will bring them closer to discuss, find scientific solutions in designing new drugs using advanced computer aided technology.

CONFERENCE THEME

The two days online event will have keynote, plenary and invited lectures from renowned scientists and academicians. Few abstracts from students will be selected for short oral presentation and 03 best oral presentations will be awarded. The conference will cover lectures related to applied area of Drug designing. The event will provide an excellent platform to keep up with the cutting-edge research as well as information exchange and networking among researchers. We cordially invite you to your abstract for oral presentation in the conference.

ELIGIBILITY

The conference is open mainly to faculty members, scientists, PhD, MTech and MSc, MPharma, B Pharma, MBBS and B. Tech. students, etc.
