About the City

The holy city of Varanasi is known as the city of temples and learning. It is a place of great historical and cultural importance. This religious capital of India is situated on the bank of the holy river Ganges and is famous for temples of Lord Shiva, Buddha (at Sarnath) and Sankat Mochan etc. Varanasi is the premiere most place of oriental learning also. Simultaneously it is keeping pace with modern advanced knowledge. The city is reputed for silk fabrics, perfumes, artistic brass and copper wares and a variety of handicrafts. This vibrant city with multiple dimensions of knowledge and liberation has a magnetic attraction for people all over the world.

IIT(BHU),Varanasi

Established in 1919 by Bharat Ratna Mahamana Pandit Madan Mohan Malaviya, IIT (BHU) Varanasi traces its roots to three pioneering institutions—BENCO, MINMET, and TECHNO—which later merged to form IT-BHU in 1968 and became an IIT in 2012. BHU was the first in India to offer bachelor's degrees in several engineering disciplines and pharmacy—the latter being the first in Southeast Asia. Today, IIT (BHU) comprises 16 departments and 3 interdisciplinary schools, offering a range of B.Tech., IDD, M.Tech./M.Pharm, and Ph.D. programs while actively promoting research in key areas of science and engineering.

About the Department

The Department of Pharmaceutical Engineering & Technology was established in 1934 under the leadership of Prof. Mahadev Lal Schroff, a pioneer in Indian pharmacy education. Over the past 88 years, the department has played a vital role in shaping pharmaceutical education and research in the country. It has consistently produced skilled professionals aligned with industry and societal needs. In 2013, the department introduced research-focused undergraduate and dual degree programs to foster innovation and scientific thinking among students. The department is actively involved in advanced research in drug discovery and development. It has also hosted prestigious national events, including the 17th, 34th, and 59th Indian Pharmaceutical Congresses, marking its Silver, Golden, and Platinum Jubilees.

**46th Annual IABMS Conference on "Recent Advances
in Drug Discovery and Development-2025"
(RADDD-2025)
October 06-09th, 2025**

About the Conference

The Department of Pharmaceutical Engineering & Technology, IIT (BHU), Varanasi, is proud to host the 46th Annual Conference of IABMS and from 6th–9th October 2025. Themed "Recent Advances in Drug Discovery and Development," the conference aims to bridge basic and translational biomedical research. A Pre-Conference Workshop on 6th October will offer hands-on training in experimental design, data analysis, and scientific writing. Scientific sessions will cover oncology, neurodegenerative diseases, immunotherapy, biotherapeutics, and personalized medicine, with a focus on next-generation therapeutics. Special emphasis will be on AI-driven drug discovery, exosome delivery systems, RNA-based platforms, and multi-target drug design. The event welcomes researchers from pharmacology, biotechnology, clinical sciences, and data science to promote cross-disciplinary dialogue. Topics will range from molecular pharmacology to clinical trial design and regulatory science. Plenary talks, invited lectures, posters, oral presentations, and young scientist awards will feature prominently. Discussions will also explore drug resistance, biomarker discovery, and host-pathogen interactions. The event will foster academia-industry collaborations, showcasing innovations with real-world therapeutic impact.

Topics

Oncology
Neurodegenerative Disorder
Anti-microbial Agents
Immunotherapy
Lifestyle Related Disorder
Targeted Delivery Systems
Pharmacology and Toxicology
Basics & Applied Sciences
Biomedical Science
Other areas related to applied pharmaceutical research are also welcome

Who can Attend?

- UG/PG/PhD/ Postdoc/ Faculty/Researchers / Scientist from academic/ technical institutions / industries and R&D Centres

Call for Papers & Publications

The extended abstract in the format should be sent to Dr. Gyan Prakash Modi at radd25.phe@itbhu.ac.in. The extended abstract should not exceed one page and the format will be sent to the registered participants. Information about publications of presented papers in special issues in indexed journal will be provided later. An e-proceedings of the conference proceedings including the extended abstract will be given to all participants.
