**Approval Document:** the approval document contains overall project details like total project cost, duration etc.

**Sanction Order:** It is installment wise letter of project provided by the funding agency.

**Release order:** The amount is released under particular sanction letter, usually funding agency released total amount at a time as mentioned in sanction order but sometime it will be 2-3 released. So the released amount will less than or equal to sanction order.

Case 1 (mostly followed by funding agencies): Funding agency approved 5 lakh as total project cost and in first sanction order sanctioned Rs. 3 lakh and total released i.e. 3 lakh transferred to Institute a/c.

Case 2 (rarely followed by funding agencies): Funding agency approved 5 lakh as total project cost and in first sanction order sanctioned Rs. 3 lakh but released 2 lakh and after some times released 1 lakh.
