

Chief Patron:

Prof. P. K. Jain
Director, IIT(BHU), Varanasi

Patrons:

Prof. Vikash Kr Dubey, Dean (R&D), IIT(BHU)
Prof. S. B. Dwivedi, Dean (AA), IIT(BHU)

ORGANIZING COMMITTEE

Jean-Yves Beziau (co-chair), Federal University of Rio de Janeiro, Brazil
Tanmoy Som (co-chair), Indian Institute of Technology (Banaras Hindu University), India
Arvind Kumar Singh, Banaras Hindu University, India
Arun Kumar, Banaras Hindu University, India
Ricardo Sousa Silvestre, Federal University of Campina Grande, Brazil
Mihir Chakraborty, Jadavpur University, India
Agnieszka Rostalska, Ghent University, Belgium
Marcin Trepczyński, University of Warsaw, Poland
Jens Lemanski, University of Hagen, Germany
Fabio Bertato, University of Campinas, Brazil
Francisco de Assis Mariano, Boston College, USA

SCIENTIFIC COMMITTEE

Musa Akrami, Islamic Azad University, Iran
Stanisław Krajewski, University of Warsaw, Poland
Newton da Costa, Federal University of Santa Catarina, Brazil
Gianfranco Basti, Pontifical Lateran University, Vatican
Christoph Benz Müller, Free University of Berlin, Germany
Dov Gabbay, King's College London, UK
Benedikt Paul Göcke, Oxford University, UK
Agnaldo Cuoco Portugal, University of Brasília, Brazil
Basil Lourie, University of the Aerospace Instrumentation, Russia
Eleonore Stump, Saint Louis University, EUA

Local Organizing Committee:

Prof. T Som – Convener
Prof. S K Pandey HoD, Mathematical Sciences
Prof. L P Singh, Prof. S Das, Prof. S Mukhopadhyay,
Prof. S K Upadhyay, Prof. M K Vemuri, Dr. Rajeev,
Dr. A J Gupta, Dr. V K Singh, Dr. R K Pandey
Dr. S Kumar, Dr. A Banerjee, Dr. D Ghosh,
Dr. S Lavanya, Dr. A K Jha, Dr. Sheela Verma,
Dr. Divya Goyal, Dr. Anoop K Singh

* More members will be co-opted for proper organization of the event.

KEYNOTE SPEAKERS

Joseph Dauben, City University of New York (USA)
Piergiorgio Odifreddi, University of Turin (Italy)
Bo Mou, San Jose State University (USA)
Itala D'Ottaviano, University of Campinas (Brazil)
Miray Yazgan, Istanbul University (Turkey)
Ephraim Meir, Bar-Ilan University (Israel)
Jerome (Yehuda) Gellman, Emeritus, Ben-Gurion University of the Negev (Israel)
Wolfgang Lenzen, University of Osnabrueck (Germany)
Andrew Pinsent, Ian Ramsey Centre for Science and Religion, University of Oxford (UK)
Stephen Priest, University of Oxford (UK)
Christopher Janaway, University of Southampton (UK)
Purushottama Bilimoria, University of Melbourne (Australia)
Ali Sadegh, Daghighi Institute for Research in Fundamental Sciences (Iran)

About the city

The holy city of Varanasi is known as the city of temples and oriental learning. It is a place of great historical and cultural importance. This religious capital of India is situated on the bank of the holy river Ganges and is famous for temples of Lord Shiva, Buddha (at Sarnath) and Sankat Mochan, etc. Varanasi is the premier place of oriental learning also. Simultaneously it is keeping pace with modern advanced knowledge. The city is reputed for silk fabrics, perfumes, artistic brass and copper wares, and a variety of handicrafts. This vibrant city with multiple dimensions of knowledge and liberation has a magnetic attraction for people all over the world.

Route to Varanasi

The city of Varanasi is well connected by road, rail, and air with all the important places of India. Regular flights are there from Varanasi to Delhi, Mumbai, Chennai, Bangalore, Khajuraho, and Lucknow. The Indian Institute of Technology (Banaras Hindu University) campus is only 8 Km from Varanasi Cant. and 20Km from DDU railway station and 35 Km from the airport.

3RD WORLD CONGRESS ON LOGIC AND RELIGION

November 04-08, 2022

Organized by

Department of Mathematical Sciences
Indian Institute of Technology
(Banaras Hindu University)
Varanasi-221005
INDIA

About the Department

Department of Mathematical Sciences began its journey as a section since 1968 to assist engineering departments of the institute which, in the true sense, pioneered engineering education in India. It soon acquired the status of a full-fledged department in 1971. Its importance lies in the fact that it caters to the needs of the undergraduate as well as post-graduate students of the Institute. In addition, the department runs its own 5-year Integrated Dual Degree course in Mathematics & Computing. The department aims to give emphasis to research in analysis, algebra, topology, number theory, mathematical transforms, soft computing etc. Be it fluid dynamics, gas dynamics, biomechanics, fracture mechanics, digital image processing, generalized thermo-elasticity, heat and mass transfer, cryptology and many more fields of applied nature, the department's contribution is enormous in terms of numerous research papers published in reputed international journals over the past few decades. Computing is the glamour of the department. It annexes several dimensions in terms of new and growing areas of research and further facilitates the simulation of mathematical models constructed for interdisciplinary areas.

The 3rd World Congress on Logic and Religion - WoCoLoR

Although logic, a symbol of rationality, may appear to be opposed to religion, both have a long history of cooperation. Logical concepts and tools have always played important roles in the world's religious traditions; philosophical theology has provided many illustrious attempts to prove the existence of God. Nevertheless, it seems that in the academic field, the area of **logic and religion** has not yet been consolidated.

The purpose of the World Congress on Logic and Religion (WoCoLoR) series is to bridge this gap by providing a place where scholars from all fields, as well as theologians of all religions, can come together to hear from one another about the latest developments in the relationship between logic and religion, reason and faith, rational inquiry and divine revelation.

Submission

The 3rd World Congress on Logic and Religion - WoCoLoR will take place at the Indian Institute of Technology (Banaras Hindu University), in Varanasi, India, November 4-8, 2022. We invite submissions of contributed papers on general topics related to Logic and Religion, including but not restricted to:

Arguments for and against God's existence
Logic and the concept of God
Science and religion
Rationality and religious belief
Argumentation and reason in world religious traditions
Justification in religious legal traditions
Non-classical logics and religion
Religion and history of logic

Abstracts must have a maximum of 600 words and be written in English according to our [template](#); they must be submitted via [EasyChair](#) by July 31, 2022 (note that prior registration with EasyChair is required). If the abstract is being submitted to a workshop (see below), the title of the workshop should be one of the keywords. Notification of acceptance will be released on [August 15, 2022](#). At least one author of each accepted paper must register for the congress.

Workshops

The following workshops will happen inside the 3rd WoCoLoR:

[Consciousness and the Self](#)
[Formal Natural Theology](#)
[Judaism, Christianity and Logic](#)
[Logic and Religion in Schopenhauer](#)
[Logical Pluralism vs. Logical Revision](#)
[Mathematics and Religion](#)
[Logic of Paradise](#)

Publications

Accepted abstracts will be published in the congress proceedings, which will be available during the congress. After the meeting authors will be invited to submit a complete version of their works, which will be peer-reviewed and published in a book and/or special issues of journals with publishers of international recognition. Peer-reviewed papers of previous WoCoLoR's appeared as special issues of Logica Universalis (Springer), Sophia (Springer) and the Journal of Applied Logics (College Publications). For more details go to the webpage of 3rd *World Congress on Logic and Religion*: <https://www.logicandreligion.com/3rd-world-congress>

About the Institute

Indian Institute of Technology (Banaras Hindu University) Varanasi is an autonomous public technical institute located inside the campus of **Banaras Hindu University**, India. Founded in 1919, the Banaras Engineering College (BENCO), as a Pioneering Engineering education in India by the great visionary Bharat Ratna Pt. Madan Mohan Malaviya, later the College of Mining and Metallurgy (MINMET) and the College of Technology (TECHNO) were added in 1923. In 1968, BENCO, TECHNO and MINMET were merged into one unit and Institute of Technology (IT-BHU) was established integrating Mechanical Engineering, Electrical Engineering, Civil and Municipal Engineering, Mining Engineering, Metallurgical Engineering, Chemical Engineering and Technology, Silicate Technology (Ceramic Engineering) and Pharmaceutics departments and a separate Department of Electronics Engineering was also established. In 2012 it was converted into **Indian Institute of Technology (Banaras Hindu University)** to impart world class Engineering education. It has 17 departments and 3 inter-disciplinary schools.

3rd WORLD CONGRESS ON LOGIC AND RELIGION

November 04-08, 2022

Registration Form

1. Name (block letter):
2. Designation:
3. Organization:
4. Nationality:
5. Address:
6. Contact No.:
7. E-mail:
8. Research Area:
9. Presenting a paper. Yes (if accepted)/ No:
10. Title of the paper:
11. Submission Date:

Registration Fee with GST: (for Indian participants)

Graduate Students/Scholars: INR 2006
Faculty/Researchers: INR 3009,
Industry Person: INR 8260

Note: The registration fee (excluding accommodation charges) is to be paid online to the account mentioned below:

- i) Name of Account: IIT (BHU)-Main Account (Special Fund)
- ii) Account No. : 32778803937
- iii) Account type: Current
- iv) Beneficiary name: Registrar, IIT (BHU)
- v) Bank name & address: State Bank of India, Indian Institute of Technology, BHU, Varanasi
- vi) IFS Code: SBIN0011445
